## Draft Programme for Aviation Fuel Filtration Seminar

To be held at:  
IET, 2 Savoy Place, London, WC2R 0BL on  
Tuesday 17<sup>th</sup> September 2019, 09.00-18.00

Key messages/notes to presenters to be removed from final programme

### 08.30-09.00 Registration/coffee and exhibit viewing

- 1) **Chairman's welcome and safety briefing**  
Phil Rugen, EI Aviation Fuel Filtration Committee
- 2) **Transition to alternative into-plane filtration technologies - An airline perspective**  
Andreas Schmidt, Lufthansa Technik AG
- 3) **Transition to alternative into-plane filtration technologies - An engine OEM perspective**  
Alasdair Hobday, Rolls-Royce
- 4) **Supporting the industry transition to alternative technologies**  
Martin Hunnybun, EI
- 5) **Overview of industry field evaluation process**  
Antonis Christodoulakis, JIG on behalf of A4A/CSA/IATA/JIG

### Refreshment break and exhibit viewing

- 6) **Introduction to EI 1550 3<sup>rd</sup> edition**  
Phil Rugen, EI Aviation Fuel Filtration Committee
- 7) **Controlling electrostatic charging of fuel by into-plane filtration**  
Harold Walmsley, Harold Walmsley Electrostatics
- 8) **New developments in two-inch filter/water separator systems**  
Marcus Wildschütz, FAUDI Aviation
- 9) **Experience of operating two-inch filter/water separator systems**  
Representatives from Istanbul Airport

### Lunch and exhibit viewing

**10) EI 1599 dirt defence filtration combined with EI 1598 electronic water sensor**

Facet overview of DDF qualification and DDF+AFGUARD robustness testing  
FAUDI overview of DDF qualification and DDF+AFGUARD robustness testing

**11) Industry field trial of dirt defence filtration combined with EI 1598 electronic water sensor – what has been learned so far?**

Antonis Christodoulakis, JIG on behalf of A4A/CSA/IATA/JIG

**Refreshment break and exhibit viewing**

**12) EI 1588 water barrier filtration**

Andy Dye, Facet, Filtration Group Corporation  
Lewis Wolfe, Parker Hannifin

**13) New concept filtration systems in development**

Andy Dye, Facet, Filtration Group  
Marcus Wildschütz, FAUDI Aviation?

**14) Conclusion and next steps**

Phil Rugen, EI Aviation Fuel Filtration Committee

- EI statement regarding 1583 and current qualifications
- Filter OEMs to comment on monitor phase out
- A4A/CSA/IATA/JIG statement regarding future changes to operating standards

**Q&A**

**18.00-19.30 evening reception and exhibit viewing**
