

Abstract Submission Information Pack

Energy Institute's International Middle East HSE & Sustainability Week

Resilience | Responding | Rebuilding | Reimagining

6 - 8 December 2022 | Bahrain

www.energyinst.org

Why submit abstracts?

This week will bring two conferences focusing on HSE and sustainability, to deliver essential learning, sharing of international good practice to organisations across the energy industry, drawing on the century long expertise of the Energy Institute. Over the three days of this conference, we will bring **insight, good practice, innovative thinking, learning** and **solutions** to ensure the energy industry can continue to deliver energy responsibly and safely; preventing harm to people/society and protecting our planet in delivering a more sustainable energy system. As such, this conference will be delivered in the context of the following themes:

- | | |
|--------------------|--|
| Resilience | What can we learn to build a more resilient operation, to succeed through crisis and rapid change. |
| Responding | To address immediate challenges, identify solutions and prioritise actions. |
| Rebuilding | To support companies with plans and systems. |
| Reimagining | To embrace innovation, apply tools and techniques, transform business models and governance and align government legislation and policy. |

Abstract Topics

The following topics are a guide for abstract submissions - additional topics also welcome.

HSE

- Strategies for HSE management.
- Improving health, welfare and wellbeing of workers and society.
- Managing hazards that have the potential to cause major accidents and controlling risk and uncertainty.
- Improving human performance and operating safely.
- Learning from incidents.

Sustainability

- Strategies and policies to drive sustainability and decarbonisation.
- Insights and innovation in reducing emissions, OPEX and carbon footprint.
- Lifecycle resource management, processes for mitigating environmental impacts and exploring the latest technological development in sustainable economies.

Combined

- Safely managing the energy transition to net zero.
- Energy efficiency.
- Leadership and culture.
- Future workforce and skills.

Important Information

Copyright

All authors of papers presented at the conference will be required to complete and submit a copyright release form to Energy Institute or submit the copyright exemption form where applicable.

Changes, Cancellations & Withdrawals

The Energy Institute and the Programme Board consider an accepted abstract as a commitment to present.

If extenuating circumstances prevent the author from making the presentation, it is that author's obligation to find an alternate presenter and notify Energy Institute in writing as soon as possible.

What happens next?

The Programme Board will review the abstract on the basis of their alignment to the conference themes, creditability and relevance to the Middle East region.

The Energy Institute will inform those who have submitted abstracts on whether their abstract has been accepted.

General Guidelines

Abstract Submission Deadline (extended): 30 June 2022

- The abstract proposals must be a maximum 450 words in length. **All proposals should be written and presented in English.** No additional attachment will be accepted.
- Please summarise the author's experiences and qualifications of this abstract by submitting their career biography within the abstract form, which cannot be more than 250 words in length. CV will not be accepted.
- Do not include title or author names in the body of the abstract.
- Please note that, if accepted, your abstract proposal may be published, as submitted, in conference information media, including the Energy Institute website.
- We expect authors to credit all sources used in their writings and not to represent work of others as their own.
- The Energy Institute will not accept inclusion of commercial trade names, company logos, or text that is commercial in tone in the paper title, text, or slides.
- Under no circumstances can a submitted abstract be changed once it has been submitted.
- The EI will not cover speaker expenses.
- You must obtain necessary clearance and travel approval from your management.
